

We are looking for women to participate in a study to develop a non-invasive blood test to confirm endometriosis

The **HerResolve™** test intends to be the first FDA cleared, non-invasive blood test that confirms endometriosis in women.

HerResolve provides an accurate “detected/not detected” confirmation of endometriosis, enabling physicians to diagnose earlier and begin personalized medical or surgical management.

ABOUT SPONSOR: Heranova Lifesciences™ is dedicated to developing integrated care solutions for Women’s Health in the areas of endometriosis and infertility. It offers internally developed and externally partnered diagnostics, drugs, and devices to address unmet needs in women’s healthcare. Heranova has an established nationwide presence with its headquarters in Boston, Massachusetts and its CLIA-certified laboratory in Irvine, California.

YOU MAY BE ELIGIBLE IF:

- Your physician is participating in the HerResolve™ Early Access Program
- You are age 18-49 years
- Your physician suspects you may have endometriosis because you are experiencing symptoms such as infertility, pelvic pain, and other symptoms
- You are a candidate for surgery
- You are not taking hormone therapy for endometriosis

COMPENSATION FOR QUALIFIED PARTICIPANTS:

- HerResolve testing at no charge
- Gift card for participation
- Satisfaction of participating in game-changing research to benefit fellow women

TO PARTICIPATE, PLEASE CONTACT: clinicalaffairs@heranova.com
